

McCarthy to Lead Tories? IS NOW IN GLEICHEN RIDING

Will Likely Be the Conservative
Candidate There

PLACE HOPE IN THE WEST

Ottawa Tories Imagine They
Could Sweep Province in
Next Election

Calgary, July 9.—That the next
Conservative leader in Alberta will
be a candidate in Gleichen riding, is
evidenced by the fact that Mr. M. S.
McCarthy is at present looking over
that riding and sitting up the situation.

There are many people here who be-
lieve that Mr. McCarthy will be the
next Conservative leader, and that he
will be a Conservative candidate in
Gleichen. After the last convention,
the delegates when questioned, were
always told to go to see Mr. McCar-
thy. That gentleman had control
of whatever was doing. When
reporters got that far they were in-
formed that there was nothing at
all happening and nothing to report.
That, too, may mean nothing, and
again, it may mean everything.

Have a Vain Hope
Ottawa Conservatives have their
eyes on the west, believing that here
is the place to win out in some future
election. They have exaggerated the
split in the Liberal party and believe
that there is a chance for a sweep,
which is a vain hope. That is the
reason that the Conservatives at Ot-
tawa insisted upon opposition to Mr.
Sifton in Vermilion and dragged out
the Edmonton leaders into the light to
oppose him. It is believed that the
party influence could induce Mr. Mc-
Carthy to take up the battle in Al-
berta, though doubtless the wider field
is more congenial to him. Nearly all
of Gleichen riding is in his constitu-
ency. Mr. McCarthy started out into
the riding on the day after the con-
vention, and has been there ever
since.

MANY FEATURES SHOWN IN PLANS

High Level Bridge Will Have
Highest Concrete Piers in
the World

It is evident that the construction
of the high level bridge between
Strathcona and Edmonton will not be
completed without very skillful work
on the part of the engineers and con-
tractors. There are several features
in connection with the bridge which
will give it a place among the en-
gineering feats of the day, according to
plans which have just reached the city.
In the first place the sub-structure,
which consists of the concrete work
below the water level, is a very im-
portant feature. The concrete piers
by which the bridge will be sup-
ported will be the highest in the
world, capturing the distinction from
the Clover Bar bridge, the piers of
which are 96 feet above the water level.

In the case of the Edmonton-Strath-
cona bridge the piers will be 106 feet
above the water level. In addition to
these features there will be a total of
80 concrete pedestals in the ap-
proaches and four huge abutments.
An enormous amount of concrete will
be used in the work.

The entire height of the bridge,
above the water level will be 160 feet.
The longest span will be 271 feet
in length, while the remaining ones will
average 97 feet.

The entire bridge will be 2,706 feet
in length, or about a half a mile.

Contractors who have seen the plans
at the offices of the May Construc-
tion Company, Second street, one of
the firms competing for the contract,
estimate that two years will be occu-
pied in completing the concrete work
alone.

As Bros, issuers of marriage lic-
ences.

GOT LETTER FROM QUEEN MOTHER

Mrs. J. M. Fullam, of Strathcona,
was, Wednesday, a great surprise,
the recipient of a letter from the
Queen Mother Alexandra. When
King Edward died, Mrs. Fullam wrote
to Queen Alexandra expressing her
sorrow and sympathy, but without
any thought that her letter would be
acknowledged. The communication
is on white notepaper with a narrow
black border, and has embossed on
the top left-hand corner the royal
coat of arms—the lion and the unicorn
rampant surmounting the motto "Dieu
et Mon Droit." It was encased in a
square black-bordered envelope, with
a tiny crown embossed on the flap.
The letter is as follows:

"Buckingham Palace.
"Miss Knollys is commanded by
Queen Alexandra to thank Mrs. Ful-
lam for her kind sympathy.
"22nd June, 1910."

ENGINE CRASHED INTO STREET CAR

One Woman Killed and the Con-
ductor is Also Fatally
Injured

WAS MISUNDERSTANDING
Accident Occurred at Level Cross-
ing Already Condemned by
Railway Commission

Winnipeg, Man., July 9.—One woman
killed, a street car conductor fat-
ally injured and several other per-
sons more or less seriously hurt is the
result of a misunderstanding of signals
between "Flagman" McCloy and
Canadian Northern Engineer H. Nich-
ols at the Pembina street level cross-
ing at 4:15 yesterday afternoon. Nicol
was taking out passenger No. 9 from
the Oak Point branch due to leave
the depot at 4:30 and was running at
about twenty miles an hour according
to eye witnesses of the accident.

Train Struck Between Cars
A park line street car No. 62 with
trailer attached and in charge of Con-
ductor John Urquhart was approach-
ing the crossing and received the "Go
ahead" signal from the flag man. The
engine struck the street car at the
junction with the trailer, and Mrs.
Lawrence, sitting on the front seat of
the trailer, was carried thirty yards
on the concrete and might have been
killed. Her three-year-old son, John,
sitting on her lap, was thrown clear
across the tracks and badly cut, but
will live. Her husband and small
daughter sitting beside her, escaped
albeit somewhat injured.

Conductor Badly Injured
Conductor John Urquhart was badly
crushed and now lies unconscious in
hospital not likely to live. G. Ham-
an, another passenger, is seriously in-
jured. Mrs. W. J. Hill and T. F. Dun-
lop are less seriously hurt but are in
the hospital. One or two of the twenty
passengers of the street cars are
slightly hurt, but the rest had a re-
markable escape considering the cir-
cumstances. The motorman escaped
uninjured.

Crossing Has Been Condemned
This level crossing has been con-
demned by the railway commission of
Canada and the C.N.R. was ordered
several months ago to build a sub-
way. This was actually to have been
completed by the contractors, Kelly
Brothers, on July 1st, but delays hap-
pened. The trailer was hurled into
the excavation for the subway and
the infant boy was thrown right across
it. Mr. Lawrence, husband of the
dead woman, is a C.N.R. employee
and lives at 313 Marion avenue, Nor-
wood. Engineer Nichol claims the
flagman, who is under arrest, signal-
led that the line was clear. Coroners
Inglis will hold an inquest.

WANT CONCILIATION

Ottawa, Ont., July 9.—The Inter-
national Railway telegraphers have ap-
plied for a board of conciliation in
connection with their dispute as to
hours, wages, etc.

MORE PROTESTS FILED AGAINST THE PICTURES

New York Christian Endeavor
Union Makes Protest to
Governor Hughes

Binghamton, N. Y., July 9.—Acting
on behalf of 60,000 members of the
New York Christian Endeavor Union
and with the approval of its officers,
Dr. Bernard Clausen of this city, Sec-
retary of the society today wired
Governor Hughes urging that the
Jeffries-Johnson fight pictures be sup-
pressed in New York state. A similar
telegram was sent to Mayor Gaynor
of New York.

Albany, N. Y., July 9.—Corporation
Counsel Arthur L. Andrews today ad-
vised Mayor James B. McFadden that
the moving picture exhibitions cannot
be prohibited in Albany, unless in his
opinion they are of a lewd or immoral
character. The opinion followed the
filing of a protest with the mayor
against the exhibition in Albany of
moving pictures of the Jeffries-John-
son fight.

RATES TO GO UP

For Insurance of Camps, So It is
Reported

Toronto, July 9.—Because of the
fear, the rate for insuring camps
here is to be doubled, so it is
understood. Insurance men say
that the camps are not desirable risks.
The present rate is five per cent, and
this will be made ten per cent.
It is rumored that the rates for in-
surance on lumber were to be doubled
also, but this was denied by Mr. John
A. Robertson, secretary of the Fire
Underwriters Association.

GETTING ALONG GREAT IS C.N.R.

Don't Mind the Strike at All Ac-
cording to Superintendent Brown

MEN FORMING PICKETS

Stated Company Was Going to
Get Men From 'Scotia, But
This Is Denied

There is no change so far in the
C.N.R. conductors' and carmen's
strike. Superintendent Brown, in re-
sponse to a Capital reporter this morning,
said that the men are still out on
strike but that the company is "get-
ting along all right." Nothing has
been heard from the men and it is sup-
posed that the next move will come
from the headquarters of the men's
organization in Winnipeg.

Mr. Brown said that he knew noth-
ing about the rumor that men were
being brought over from Strathcona
to fill the vacant places here, and also
denied the report that there was go-
ing to be a meeting of the C. N. R.
officials here, this morning. The
trains have been running up to
time and everything was "getting
along all right." When it was sug-
gested to him that if the company
were "getting along all right," the
men who were out on strike were su-
perfluous, he said that he would go
so far as to say that; but "we're
getting along all right." So far as
the strike is concerned all that can
be done is to wait and follow the lead
of the prime mover in Winnipeg.

The strikers have arranged a shift
of pickets which patrol just outside
the company's property. On the south
side the beats extend from Eighth to
fourteenth streets and on the north
side from Seventh to Fourteenth.
Some difficulty is experienced in the
inspection of trains on arrival and
departure as the strikers include the
car inspectors and the car cleaners.
The car repairs now work ten
hours a day receiving 25 1/2 cents per
hour and extra for overtime. The car
inspectors work eleven hours and re-
ceive 27 cents per hour. The com-
pany's proposal is to increase the pay
of the car repairers by 2 cents and
cut overtime pay, while they pro-
pose increasing the car inspector's
pay by 1 1/2 cents, and abolish overtime
for detached strikers. It can be as-
sured that the company does not in-
tend to work out to the detriment of
the strikers and they are not inclined
to submit to it.

C.N.R. HOTEL PLANS REACH CALGARY

Plans for Station and Route Into
City Are Also Definitely
Settled

TO START WORK SHORTLY

Hotel Will Be Modeled After the
Royal Alexandra in City of
Winnipeg

Calgary, July 9.—Plans for a mam-
moth structure, which will be the
combined depot and hotel of the Can-
adian Northern railway, to be built
on block 69, at the corner of Tenth
avenue and First street west, have al-
ready been prepared and work on the
new building will be commenced
within the next 60 days. The new
building will be the up-to-date in every
respect, being somewhat after the de-
sign of the Royal Alexandra in Win-
nipeg insofar as the hotel part of it
is concerned, while the depot part of
the structure will be equal in size to
the present C. P. R. station, although
of a somewhat different design.

The route by which the Canadian
Northern will enter the city has also
been definitely settled, and the route
plans have already been filed, which
work on the grading has been rushed
about to such an extent that the grad-
ing outfits should be in sight of Cal-
gary within the next six or eight
weeks.

The route by which the railway will
enter the city will be from the south-
east. The main line of the Canadian
Northern will be crossed by an over-
head bridge at first high above the
crossing of the Bow river will be con-
sidered a quarter of a mile south of the
C. P. R. steel bridge. From that point
the route will run through Bonny-
brook, skirting the hills 30 feet south
of the cement works.

The crossing of the Macleod branch
of the C.P.R. will also be by means
of an overhead bridge and the Bow
river will be touched at the present
dumping grounds where it is expected
considerable crib work will have to
be erected in order to protect the
tracks. Through Lindsay park until it
crosses the Elbow about 50 feet east
of St. Mary's lake is the location then,
after which the line crosses a little
to the west and then turns and runs
directly north about 100 feet east of
First street west to the depot on
Tenth avenue.

This depot location will bring the
C.N.R. depot very close to the C.P.R.,
and the site is considered a very good
one. At present the grading of the
road completed as far as the Red
Deer river, and track laying is being
rushed ahead so as to get the material
for the bridge across the river on the
ground as early as possible. The steel
bridges over both the Bow and Red
Deer rivers will not take long to
erect and will not delay the entrance
of the city to any great extent.

There are a number of heavy cuts
to be made on the route into the city,
but as soon as the grading outfits
reach here work will be rushed ahead
on these.

MRS. S. W. LYON DIED IN CALGARY

Mother of Famous Toronto Golfer
Passed Away Yesterday
Afternoon

Calgary, July 9.—Mrs. Sarah N.
Lyon, mother of Mrs. A. M. Stewart,
712 Fourteenth avenue, and of George
S. Lyon, the noted Toronto golfer
and of H. E. Lyon of Blairmore, Alta.,
passed away at her daughter's home in
this city yesterday afternoon. Deceased
was 76 years old and had been a re-
sident of Calgary for about six
months having come here at Christ-
mas. Before that she lived with her
son at Blairmore. Eight children sur-
vive her. Deceased was born in
Richmond, Ont., and was the daughter
of Captain Maxwell of that place. She
was a member of the Anglican church.
The funeral will be held on Monday.

Invest in a pair of our cool Oxford
and give your feet comfort. Kelly &
Moore.

BANK CLEARINGS SHOW MANY CITIES ARE QUIET

But Victoria Has Increase of 182
Per Cent.—Vancouver Next
With 37.2

New York, July 9.—Bradstreet's
weekly bank clearings are as follows:
Toronto, \$3,108,000, decrease 6 per
cent.; Winnipeg, \$7,333,000, increase
21.6; Vancouver, \$17,200, increase
3.6; Ottawa, \$405,000, increase 4.3;
Quebec, \$2,040,000, increase 9.2; Cal-
gary, \$2,093,000, increase 37.3; Halifax,
\$2,271,000, decrease 12.3; Hamilton,
\$2,092,000, decrease 14.7; St. John, N.
B., \$1,758,000, decrease 7.2; Victoria,
\$3,514,000, increase 182.7; London, \$1,
625,000, decrease 6.0; Edmonton, \$1,
307,000, increase, 17.2; Regina, \$1,048,
000.

THEY ALL AGREE TO THE CHANGE

Western Canada League Wipes
Slate Clean Monday Morning
—Calgary is Satisfied

Calgary, Alta., July 9.—Regarding
the base ball situation the Albertan
today says: Presto, change. Now we
lead and now we are brought low
and several other things too num-
erous to mention. All this refers to the
baseball proposition, and no person
just knows where we are with this
long legged league of sports.

Here is where is going to happen
The Western Canada league will be
divided into two series, not two dis-
tricts, remember, and first series will
end tonight with Calgary big winner,
Winnipeg where the sheikhs come
standing. Then we start all over
again on Monday morning, beginning
with percentage of nothing and travel-
ling upon our old schedule.

And this is the way for. Calgary
and Edmonton have broken away so
far from the common herd that base-
ball, most of the teams is an acad-
emic proposition, hopeless and help-
less. This is particularly the case with
Winnipeg, where the sheikhs come
from. So it was suggested that we
very quiet and begin all over again.
It would hardly be fair to Edmonton
and Calgary, but Calgary is to get
some consideration on account of its
first position. Calgary, winner of the
series, will play the winner of the
second series provided it is a club
other than Calgary.

The Albertan interviewed Mr. Eck-
strom last night in Lethbridge, and
learned from him that he had received
favorable replies from every town
except Brandon, Moose Jaw and Ed-
monton. In Edmonton the managers
were out of town. From other towns
there was no reply. Calgary will
have a decided advantage over its an-
cient enemy, Edmonton, in this ar-
rangement, because Deacons team will
be here for a straight week and we do
not go to the Esquimaux town at all.
But on the other hand we have such
a big lead on Deacon that he couldn't
catch us this year. Calgary has
agreed to the proposition provided
that the deciding games are played
in this town, which is reasonable.

The eastern teams plan to strength-
en up. Winnipeg hopes to retrieve its
fallen fortunes and to move nearer
the top. The search for new play-
ers will be inaugurated by several
managers and mistakes of schedule
No. 1 rectified.

BIG EXCURSION OFF FOR ENGLAND

Over 700 Men, Women and Chil-
dren—Each Will Bring An-
other Back

Toronto, July 9.—Over 300 men,
women and children of British birth
or descent left the Union station for
Montreal en route for England. Two
hundred more will join the party at
Montreal. It is said to be the big-
gest excursion party ever taken out
of Canada. Every member of the
party is pledged to induce at least
one Briton to come to Canada. The
party is made up of the spouses of the Sons
of England.

How about your fancy or white
vest, they are the thing. Kelly &
Moore.

ONLY TWO-THIRDS CROPS OVER ALL UNITED STATES

Washington, D. C., July 9.—Start-
ling reports on the condition of spring
wheat were made yesterday by the
reporting board of the Depart-
ment of Agriculture. The average
condition of spring wheat in North
Dakota, South Dakota, Minnesota and
Washington, the four states which
contain more than 88 per cent of the
total spring wheat acreage in the
United States was 62.5 as compared
with 92.3 a year ago and the ten-year

average of 87.8. The average condition
of spring wheat throughout the United
States at the beginning of the pres-
ent month was 61.6 while a year ago
it was 92.7 and the ten-year average
was 87.1.

This means that the crops of the
United States will be only two thirds
of what they were last year. The is-
suing of the report had an immediate
effect upon the wheat markets of the
country.

CROPS AROUND RAYMOND ARE IN GOOD CONDITION

Calgary, July 9.—Mr. and Mrs. S. B.
Card of Raymond are in the city today.
Mr. Card reports that the crops
around Raymond are looking very
fair and that considerable rain has
fallen recently. The sugar beet crop
wherever irrigated looks well and will
give a good yield. The town of Ray-
mond he says, has made a very marked
improvement this year, and a large
amount of street improvements have
been made.

"HE'S A WORKER," SAYS THE M. H. O.

Clover Bar District Best Dairy
Country Near Milk Inspector
Ever Saw

"That man Logan is a corker—he
is a worker," said Dr. Whitelaw, med-
ical health officer, as a Capital report-
er walked into his office this morning.
The doctor was referring to Mr. An-
drews Logan, the newly appointed
milk inspector, who had just finished
telling Dr. Whitelaw of the progress
he had made during the course of an
inspection in the Clover Bar district
yesterday.

The reporter took occasion to ask
Mr. Logan what he thought of this
country for dairying purposes.

"The finest in the world," replied
Mr. Logan. "I have seen Leinster,
Ireland and Scotland, and other coun-
tries, but I haven't seen anything to
compare with this country yet. All
it wants settling up. The dairy farms
are too far apart. I see great pros-
pects for cheese and butter factories
and even condensed milk factories.
You have land here equal to the
Plains of Limerick and the Plains of
Boyle, Ireland, or the vale of Ayles-
bury, in England, and they are con-
sidered the finest for dairying pur-
poses."

"This country must come to dairying—
it must," declared Mr. Logan in
a sudden burst of enthusiasm. "You
have the land and the fine fresh water
which is essential to good dairying."

TO CONFER OVER THAT GAS PLANT

Representatives of Allis-Chalmers
and Manning Power Com-
panies in the City

Messrs. Latta and Adams, repre-
senting the Allis-Chalmers and the
Manning Power companies, respec-
tively, who are to confer with the
city authorities in connection with
the gas producing plant, arrived last
night. This morning Messrs. Latta
and Adams accompanied Commissioner
Bouillon to his power plant, where
the initial conference is being held.

SHORT SESSION

The report of civil engineer Potter
on the municipal sewer and water
system was read and discussed by the
city commissioners yesterday after-
noon. Commissioner Bouillon thought
that Mr. Potter was going into too
many details and it was decided that
he take the matter up with the ex-
pert.

An offer of \$75 for advertising on
the backs of the new batch of street
car transfers was received.

The plans of the new market were
revised and discussed by the com-
missioners but no action was taken.
Jewelry repairing by experts. Jack-
son Bros.

BRITISH POSTAL ORDERS PAY HERE

Arrangements Have Been Made
Between British and Cana-
dian Authorities

Arrangements have been made be-
tween the British and Canadian postal
authorities whereby British postal or-
ders are now payable in Canada. They
are not payable at substation or
branches, but only in the main offices
in twenty-one leading cities: Edmon-
ton, Calgary and Regina being among
the number. No extra commission is
charged, notwithstanding the regula-
tions to the contrary printed on the
orders. Should the sender affix pos-
tage stamps on the order they have to
be detached before it can be accepted.

The usual regulations as to the du-
ration of time are in force—six
months from the last day of the
month of issue; and orders cut or im-
paired, altered, erased or corrected,
must be sent back to the remitter for
payment at his end.

Irregularly drawn or incorrectly re-
ceived orders may be accepted though
bearing stamps, provided that they
have the date stamp.

DISCONTINUED SERVICE

Western Union Telegraph Company
Cut Off Brokers in Ten Cities

New York, July 9.—Without ex-
planation and without warning the
Western Union Telegraph Company
discontinued its service yesterday to
brokers in ten cities of this state and
Pennsylvania. The cities affected are
Erie, Ithaca, Rome, Utica, Glovers-
ville, Pittsburgh and Johnstown, Pa.; Syra-
cuse, Auburn, Watertown and Cor-
dova. Officers of the company stated
today that under advice of counsel
they could not discuss the company's
policy. Officers of the New York stock
exchange denied that the cut in the
service was in any way prompted by
them or that they had any knowledge
of it.

CROWD WELCOMES PRIME MINISTER

Sir Wilfrid Laurier Gets Ovation
at Port Arthur—Speaks
There Tonight

Port Arthur, Ont., July 8.—Port
Arthur turned out en masse this
evening to welcome Sir Wilfrid
Laurier and his party on his arrival
and commence his tour of the West.
Thousands of people cheered when
the party at the depot and through the
streets to the residence of James
Compton, M.P., where an informal re-
ception was held. The city was de-
corated with arches, evergreens and
bunting. To-morrow will be devoted
to automobile trips throughout the
city followed by a cruise on the Bay
on the yacht Signa. The presenta-
tion of a civic address at the Lyceum
Theatre will take place in the
afternoon and Sir Wilfrid will dis-
cuss to Fort William in the evening to
attend a meeting at the Arena rink.
In the party with the Premier are
Hon. G. P. Graham, Minister of Rail-
ways; F. P. Farde, M.P.; Lambton;
E. M. Macdonald, M.P.; Pictou, and
Senator William Gibson. The party
will travel west in a special train,
one car for the Ministerial party,
one car or twenty odd newspaper
men, and one a baggage car.

This is the season of the year for
thin clothes. You'll find them at Kelly
& Moore's.

WrestlingBOOT ON THE OTHER FOOT,
HUSKIES REVERSED SCORE

Eskimos Left Pepper Pot at Home on the Piano and Were Beaten by 7 to 1

Bill Carney says we were "shamefully" beaten last night, so probably we were. The score was 7-1 and at no time did we look in danger of winning out. Eddie Gehan was trotted out for the third time this week and pitched a nice game. He had our heavy hitters guessing and held them to three little hits. Mills got one of them and Moose Baxter two. Gehan was rather wild at times and tossed six passes.

Hickey occupied the slab for Edmonton and though his control was better than usual his curves did not mystify the visitors to any great extent. He was touched up for a little while which Paddock, Clynes and Standridge got two apiece. Walby Smith only got one, but it was a juicy three bagger which drove in two runs.

It was not that Edmonton played poor ball because they didn't. Only two errors were made, one very costly and Quigley was the transgressor on both occasions. The Eskimos seemed to leave their pepper on the bench when they came to bat and showed no ambition to straighten out Gehan's curves. There was one notable exception and that was Moose Baxter. He was in the game at every turn and besides taking 1003, pulled out some nifty work at first base.

Ed Paddock was the star of the winning team. He accepted eight chances at short without an error and contributed two nice hits.

Several old familiar faces were missing last evening. Chesty Cox was benched upon his latting eye comes to life again and was replaced by Dretchko. Bill Carney's arm was sore from his exertions in the box on Thursday that he rested on the bench. Ummir Lonegrecker was suffering from cold and some other sickness and did not turn up at the grounds, so Hoy Dadd occupied the storm center and escaped with his life. Phil made a good umpire and there was not a kick made all evening.

The attendance was again over the 1000 mark but the bleachers had very little opportunity to stretch their lungs.

There will be two games today. One at 3:00 and the other at 6:30. We need to take one to cinch the series, and two would look better still.

The "Shameful" Beating. Paddock led off with a hit but Duggan fanned and Clynes flied to Mills. Smith gave Hickey a swift grounder which was eaten up.

Moose Baxter got to first on a charity while Mills, Morse and Jessop went out on infield hits.

Calgary was retired in quick order as were Spencer and Quigley. Brennan walked and went off stealing.

Visitors Scored. Paddock led off with a hit and was sacrificed to second by his sidekick, Gehan. Paddock contributed his second hit of the eve and Standridge scored. Duggan forced Paddock at second and was himself caught a moment later in a futile attempt to steal.

Dretchko grounded and Hickey reached first when Kelcey dropped a perfect peg. Mills fanned and Baxter walked. Morse, flied to Clynes.

A Costly Error

Clynes hit safely and Smith hit to Quigley who booted the ball and missed a sure double play. Kelcey flied to Brennan. Flanagan hit safely and flied the bases but Comors' death knell of the Western Canada Baseball Association would be sounded. A reorganized league might result, but there would be difficulty and trouble for a time. However, it is thought the league will remain a unit for this year anyway, and the eastern teams will complete their trips. The thought of losing the \$500 forfeit was a chilly one for some of the would-be quitters to contemplate, and they shivered the idea.

boulder to Morse resulted in Clynes being caught at home. Standridge hit safely scoring Comors and Flanagan and Gehan followed his lead example. Peter attempted to steal home on the hit and was grabbed. Three runs.

One Bright Spot

Gehan walked, Lussi and Spencer in the fourth and Quigley moved them along a base with a sacrifice. Brennan hit deep to Paddock and Lussi crossed the plate on the out Dretchko grounded.

A Lost Chance

Mills and Baxter hit safely in the last of the fifth after Hickey flied and Moose stole second. Morse drove a base ball on only one out, Lussi hit into a double play and an elegant chance to tie the score was lost.

Both teams went out 1-2-3 in the sixth. Paddock and Kelcey retired the Eskimos. One of Paddock's pick-ups was worthy of special mention as he ran hit in behind the main batter and by a swift stop and throw caught Brennan on first.

Triplets for Calgary

After Standridge and Gehan had been disposed of, a sad thing happened. Hickey grew careless and walked Paddock and Duggan. Clynes singled, scoring Paddock and Smith tripled to right sending Duggan and Clynes homeward. Kelcey flied to Lussi. Three runs.

Nothing More Doing

In the eighth Lussi led off with a single and stole second but the united efforts of Morse, Lussi and Spencer were unequal to the task of sending him across the plate. The remaining batters in the eighth and ninth on both teams failed to reach first.

If you like books with sad endings, you will enjoy this box score:

Edmonton	A	B	R	I	O	A	E
Mills, if.....	4	0	1	2	0	0	
Baxter, if.....	2	0	2	1	2	0	
Lussi, cf.....	3	0	3	4	0		
Morse, c.....	1	0	3	0	0		
Spencer, c.....	3	0	5	1	0		
Quigley, 2b.....	1	0	0	0	2

DO NOT FAVOR IT

Calgary Has Little Enthusiasm for a Division of the W.C.L.

From the Albertan.

The rumored split in the Twilight League has not materialized yet, and President Middleton of the Calgary club, thinks it will blow over this year as it did last, and that the eastern clubs will complete the schedule. The Manitoba teams wanted to have the league split, the western teams and the eastern each playing a schedule and the winners playing off at the close of the season. They claim of the trip west was too long and too expensive.

If the league was split in twain the

death knell of the Western Canada Baseball Association would be sounded. A reorganized league might result, but there would be difficulty and trouble for a time. However, it is thought the league will remain a unit for this year anyway, and the eastern teams will complete their trips. The thought of losing the \$500 forfeit was a chilly one for some of the would-be quitters to contemplate, and they shivered the idea.

ZINGARI DID NOT BAT

London, July 9.—Zingari cricket match was drawn yesterday on account of rain. Blackheath had 128 runs for six wickets. The Zingari did not bat. A. P. Day made 31 runs.

JACK JOHNSON
AT CHICAGO

Receives a Glorious Reception Upon his Arrival at Home Town

Chicago, July 9.—A welcome such as no other boxer in recent years has received was accorded Jack Johnson when he returned to his home here today. A large crowd of negroes met him at the train, cheering. His ride to his home through the "big belt" was an occasion.

"There's the boy that brought the bacon home," shouted one. "Oh, you lion tamer," yelled another. The big black man shook hands with those nearest him at the station as he eluded his way to the street and entered an automobile. Thirty or more machines headed with enthusiasm flied in behind. The police found little to do save to help clear a passage for the fighter.

At his home the Eighth regiment band played "The Championing Hero." The big fellow's mother stood in the doorway, tears coursing down her cheeks.

"Hello, mammy," shouted her son. Her arms were thrown about his neck and they entered the house together.

The champion announced that all tentative plans for the future were off. "Sam flangford," he said. "That makes me laugh. Let Langford put up his \$20,000 first, then he can talk. Just now I am going to rest. I am going to New York Sunday afternoon to begin a 30-week vaudeville tour. At least, I have that many weeks at my disposal. I may accept offers to go to Europe."

"Oh! Well, I never told anyone that I would quit, but it looks as though I'd have to."

"Did you hear about the picture man's troubles?" he was asked later in the day. "Yes," he answered, "but it does not bother me. They all told me I was a fool to sell for \$50,000, but they thought I would whip Mr. Jeffries, too."

Friday night Johnson will appear a few minutes at a Chicago theatre devoted to negroes. Then he will attend a banquet. He says he was too busy having a good time to be bothered by a reviewist suit filed today by George W. Little, his former manager, for \$1,200.

GEORGE S. LYON
DOES VERY WELL

Playing With the Golf Pros. He Put in a Phenomenal Card at Lamblon Club.

Toronto, Ont., July 9.—Dan Kenny, the professional of the Buffalo Country Club, making his first appearance at a Canadian meet, headed a list of twenty six competitors in the first 36 holes of the open championship played at Lamblon yesterday. Kenny was in front on the morning round with a score of 74 and retained his position with 75 in the afternoon, giving him an excellent 140 for the first 36 holes. Close at the heels of the young Scotchman is George S. Lyon, runner up in this year's amateur championship. Lyon was tie for fourth place with Locke of Rosedale at the end of the morning round, his card showing 70. Between Lyon and Locke was J. Munro, formerly assistant to Percy Barrett at Lamblon and now with the Warren, Pa., club who had 75 and Charles Murray of the Royal Montreal, who had 78.

Playing professional golf in the afternoon Lyon equalled his own amateur record for the Lamblon course, a card of 71, three better than a perfect score. It was a wonderful performance for a man of fifty-two years of age who had just come through a strenuous week of golf. The result of it was to bring Lyon from fourth to second place, jumping over the heads of J. Munro and Charles Murray and being now only one stroke behind Kenny.

CHIEF ROOTER ABSENT

Joseph Clarke, one of Edmonton's busiest workers, is in Winnipeg at present, working in the interests of Dixon, one of the candidates in the Manitoba elections.

NEW UMPIRE ARRIVES

Umpire Ferguson arrived in town last night and was at the game in civilian clothes. He will handle the infielder in today's game.

INSIDE FACTS
OF BIG FIGHT

Tex Rickard Tells How he Got the Fight—May Pull Off Langford-Burns Contest in Reno

San Francisco, July 8.—Tex Rickard has given some inside facts, day about the deal by which he secured the Jeffries-Johnson fight before bids were opened in Jersey City. "The fighters were signed up with me two days before the opening of bids," he said yesterday. "When I went to New York I saw a joker in their contract. It stated that the best inducement would be accepted. I knew that that meant that they could do as they pleased. I worked on Johnson and also on his wife. I offered Johnson a bonus of \$10,000 and told his wife I would buy her a saskin sack if her husband would sign. The champion accepted, and in addition I had to loan him \$2,500, then arrangements were signed. Most of the negotiations with Jeffries were worked through Berger. Berger told me he had promised Johnson the fight, and said, 'You can't get a fight without Gleason.' That was why I took Gleason into combine. My contract with Gleason called for me to furnish all money while he was to have the fights."

It was further stipulated that he was not to have any partner and whether Berger was in with him or not I do not know. I knew that if I did not take Gleason with me that he might bid 80 per cent. and they would call that the best offer."

Rickards refused to state whether he gave Berger a bonus, but on this authority it may be stated that Berger received \$2,500. Johnson signed his contract with Rickards two days before the bids were opened, and before. Rickards says that if he can sign up Langford and Tommy Burns he will give them a fight.

Jeffries and Johnson signed a day for September in Reno. He may pull off this bout. He thinks this is the only good fight in sight.

MONTREAL TEAM AT THE PEG

Will Play There Today—Are in Fine Condition for Minto Cup Games

Fort William, Ont., July 8.—The Montreal Lacrosse Club en route to New Westminster in search of the Minto cup passed through here this morning. The players are all wearing a special blue uniform provided for the trip, consisting of red and blue sweaters, white caps bearing a small winged wheel and white shoes.

They look like a university football team and appeared to be in fine condition. In conversation with members of the executive it was learned that the trip so far has been very pleasant and that the team was being kept in condition by Coach Elliott with regular physical training work. They will play in Winnipeg tomorrow.

BIG STOVE COMBINE

Great Object is to Erect the Moulding Union

Hamilton, Ont., July 9.—A big merger of all stove foundries here is now under way with a combined capital of one million dollars. One of the great objects of the combine is to break the union, the founders having had continuous trouble with the moulders and the opinion is that with a combine they could bring the union to terms.

The teams last night were: Norwood—Samis, tie; Haderman, s.s.; Magill, c.; L. Magill, p.; Lake, z.; Erickson, c.f.; Miller, r.f.; T. Maloney, l.f.; Lewis Magill, 3b.

Y.M.C.A.—Miller, r.f.; Gorman, s.s.; Parney, c.; Knott, p.; Morgan, 2b; Clark, c.f.; Cunningham, r.f.; Paradis, l.f.; Inglis, 3b.

Mr. Smart Dresser:—

During the month of July we intend to clean up 25 doz. odds and ends in nice shirts.

Our lines are none other but Canada's best—Tooke's and W. G. & R. We have some 2.50, 2.00, 1.75, and none less than 1.25 lines, TO BE CLEARED AT.....

Looks at our table. Come early and get first choice.

THE SCHEDULE
TO BE SPLIT

Calgary Will Probably Get Championship of Div. 1.—Start Afresh on Monday

The Eastern clubs of the Western Canada League have accomplished their purpose and on Monday, July 11th, the eight clubs composing the circuit will start out afresh. The old schedule will be adhered to, but Monday is the game's record will be a win or losses.

Calgary is given the championship for the games already played, and will meet the winner of the second half in a post-season series for the league championship for 1910.

This is a copy of the telegram sent out to different league magnates:

"Lethbridge, July 7, 1910.

"Frank Gray:

"It has been suggested from a money standpoint for all clubs that the series of games from the beginning up to date be classed as the first with Calgary as the winner of same. The second series to be played from now on as scheduled and the winner of the same play Calgary for the pennant and will draw larger gates everywhere. Get your directors together quick and majority of clubs think it best games can be started on Monday, July 11th, when all the eastern clubs are west and new standings and averages can be started. Wire answer quick."

"C. J. ECKSTROM, President."

When seen by the Capital, the Edmonton directors seemed favorable to the proposition. The eastern club have been strengthened considerably and will put up much better arguments and draw better at home and abroad, while the Edmonton team has nothing to fear from any other team in the league.

Manager Carney of Calgary told the Capital that while he didn't like the idea, he considered it the only way to save the league from break up.

There is only one drawback to the idea and that is, it establishes a dangerous precedent. What is to prevent five teams next year if hopelessly behind again dividing the schedule?

The magnates should expressly stipulate in the minutes of the league, that this shall not happen in future years.

According to the schedule Edmonton has 23 more home games and 25 abroad, but the trouble is, Calgary will not play here again the regular series. Of course, when we win the championship of Division No. 2, the final series will assume all the magnitude of a world's championship, with Calgary and Edmonton battling for the honors.

The magnates are deciding the new arrangement today by a telegraph vote.

NORWOOD WON FROM Y.M.C.A.

The Red Suits Look Very Much Like Winners in the City Baseball League

Last night at Taylor Park the two leading teams in the City Baseball League Y.M.C.A. and Norwood, played an exciting game in which Norwood finally won out by 7 to 4.

This game practically decides the championship as it will be hard for Y. M. C. A. to catch the fleeing leaders now.

The teams last night were: Norwood—Samis, tie; Haderman, s.s.; Magill, c.; L. Magill, p.; Lake, z.; Erickson, c.f.; Miller, r.f.; T. Maloney, l.f.; Lewis Magill, 3b.

Y.M.C.A.—Miller, r.f.; Gorman, s.s.; Parney, c.; Knott, p.; Morgan, 2b; Clark, c.f.; Cunningham, r.f.; Paradis, l.f.; Inglis, 3b.

HART BROS.

CALLIES 'B' WON FROM S.O.E.
THE FINAL SCORE WAS 2 TO 0

An Immense Crowd Turned Out to Cheer Their Favorites on to Victory

"Scots was hae wi' Wallace foleh," shouted eleven husky sons of the heather as they trotted off the football field near the C. N. R. depot last night after emulating the example of Scotland's famous soldier by defeating the sons of merry England to the tune of 2 to 0. Over a thousand people saw the Caledonians defeat the Englishmen in a very close and hard fought battle which was contested every inch of the way by the losers.

Up to the final toll of the whistle the Englishmen played gamely with the usual characteristics of their race. One goal was scored in each half the first one being notched by Jackson, nine minutes after the start of play. Hope was responsible for the second placing the windbag between the poles on a pretty play twenty minutes after play resumed. In the former case the goal was of a decidedly dubious nature, the ball on a kick from the touch line caromed off Hope and rolled through with less than a hair's breadth to spare. The referee, J. G. Armour of the Iliernians performed his duties impartially and to the satisfaction of both teams, and incidentally the spectators.

The game was marked throughout with pieces of sensational play while it lapsed into mediocrity, accompanied by ragged work. Taking it as a whole, however, it was a very creditable exhibition of the pastime. Some very skillful footwork, which elicited rounds of applause, was pulled off occasionally. Warner, of the Sons of England, shining particularly in that regard. There was an absence of

head work during the first half, but towards the middle of the game the players brought their noddies into commission on a larger scale and the rail birds were treated to some sensational fair raises. Both teams found it difficult to make successful combination rushes, being unable to connect with one another in an effective way.

In the first half the ball was in English territory most of the time, but frequent rallies on their part caused the sphere to travel into the high lands. Invariably a game of ping pong at center followed and the ball would make its way back to England with return ticket regularity.

Fouls were conspicuous by their absence and it was very rarely that the referee's whistle would be heard, thus ensuring almost continuous play from start to finish.

The work of the opposing goal tends, Orr for the Callies and Jessop for the S. O. E., is worthy of comment. Both players displayed great skill in tight places and evoked much admiration. They repeatedly saved sure tallies by clever play.

The lineup of the teams was as follows:

Sons of England—Goal, Jessop; halfbacks, Jennings, Warner; halves, Wilson, Coates, Green; forwards, Fidler, Bell, Jones, Anderson, Farran.

Caledonians—Goal, Orr; right back, Rosborough; left back, Bryce; right half, Rademacher; centre half, Torrance; left half, Hunter; outside right, Murdoch; inside right, Jackson; centre forward, Allan; inside left, Coulton; outside left, Hope.

DREK IN DEMAND

Winnipeg, July 9.—Efforts to strengthen the Maroons in the past two or three weeks have not been a howling success, and if the locals finish in the first division they will be lucky. The great weakness at present lies in the pitching staff and unless one more first-class twirler is secured the Maroons will go along at their present pace. The addition of Collins will make a big difference, but if too much is expected of him there is certain to be disappointment. While in Alberta it is possible that the Maroons will secure Dretchko, the hard hitting Edmonton pitcher. He will be played in the outfield if secured on account of his slugging abilities.

Wanted a Good Game

Pincher Creek, July 8.—A courteous and gentlemanly letter was received here last Thursday from C. J. Eckstrom, president of the Western Canada League, informing those of the Edmonton in having the Lethbridge and Edmonton baseball teams play their schedule game of the 27th, at this place, that it could not be done under present circumstances. Mr. Eckstrom explained that the provincial fair at Calgary has necessitated a rearrangement of games, but kindly states that if the request can be complied with while the negotiations are under consideration he will acquaint the promoters of the suggestion with the fact.

A GREAT SHIRT SALE.

HART BROS.

TALK OF FUTURE OF AEROPLANES

Harvard Professor and Sir Hiram Maxim Have Rosy Views

Cambridge, July 9.—That the airship of the future will derive its motive power from electricity was the prophecy of Professor John Trowbridge, retiring Rumford professor of science at Harvard.

"We must consider the necessity of generating our power on the earth and sending it through the atmosphere to

the airships floating above us," he said. He claimed that the present system of power was of little use for long-distance flights.

"Considering the matter from an entirely material standpoint, it seems logical, does it not, to produce the power here on earth? The solution of aerial navigation rests in the gathering of power and only in the details of its transmission are scientists of today for a moment at a loss. If this, we will admit, is supposition at the present time. Nevertheless in the face of the principal of transmission of power from earth to sky, does it not follow, even by the simplest reasoning, that the application of even

those electrical appliances which lie now at hand must surely bring about the features which I have in mind," said he.

Useful for War

London, July 4.—Sir Hiram Maxim the famous inventor, is enthusiastic over the possibilities of the aeroplanes for war service. He thinks that a target one hundred feet in diameter might be easily struck with a missile from a height of 900 feet.

"As time goes on and the development of the flying machine proceeds at the present rapid rate, I see no reason why a missile should not be dropped from an aeroplane at an altitude of one mile and strike the object aimed at with fairly certain precision," said he.

Carried Three Men

Brussels, July 4.—Carrying three men, the airship Clouth made a successful trip from Cologne to Eindhoven, a military depot near Brussels, travelling at a speed of thirty-five miles an hour and at an altitude of eight hundred feet.

Biplanes Collided

Oakland, Cal., July 4.—Two biplanes were badly broken up here yesterday and one man injured in a peculiar accident. Clifford O'Brien, in a Farman machine, after circling the Emeryville track, crashed down to the ground, a distance of one hundred feet. He had barely time to get out of the way before Samuel Smith, driving a Curtiss machine, swooped down, caught by the wind, and crashed into the fallen flyer. Smith had a rib broken and was severely injured.

McLAUGHLIN WILL HANG

Ottawa, Ont., July 9.—The cabinet has decided to let the law take its course in the case of Arthur McLaughlin, sentenced to hang at Whiby on July 13th for the murder of his wife and two children at Uxbridge last October.

L. C. JOHNSON
854 22nd Street, Edmonton, Alta.

"When does the honeymoon end?"
"Oh, yes; I was going to tell you about that. You know we have had several explanations, but the real time when the glamour is over and they settle down to the battle of life is when the messenger calls for the dress suit in which the man was married."

The Reason.
"Does he make trouble at home?"
"Not a bit."
"That shows he has rather a nice temper."
"Not necessarily."
"Why not?"
"Because he never is at home."

The Brute.
"I wish to marry your daughter, sir."
"You do?"
"Yes."
"Then you are in luck."
"I hope so, sir."
"Yes, you are, for she intends to marry you."

Progression.
"At four the boy would think it time to be conductor on the line. He wants to be the motor man. At ten, as he has grown more wise, a turn boss would be just his size. When fifteen years have taken wing he wants to own the blooming thing. At twenty his ambition slides to own the earth on which it glides."

Had Cause For Doubt.
"Is that Justice with the pair of scales?"
"Certainly."
"I'll bet it is a long while since the city inspector of weights and measures has put his O. K. on them."

How Could He?
"Do you ever save any money?"
"No, certainly not."
"I should be glad to, but I never caught a dollar bolterling to me to come and rescue it."

He Knew.
"You can't keep a good man"—
"I know you are going to say you can't keep a good man in this office and then say you don't know why. I can tell you why. You don't pay enough."

Honest About It.
"Do you like to work?"
"Very much, indeed."
"That's encouraging. What is your line?"
"Easy marks."

Called Out Their Feed.
"Is he rough with the men?"
"He orders them about like cattle."
"What does he say to them?"
"Her."

ABSOLUTELY DEPENDABLE

Strong Foundation

Roller Bearings

Light Draft

Automatic Force Feed

Sure Knotter

Runs Easily

FROST & WOOD Improved Binders

"DEPENDABILITY" practically sums up the whole question about a binder. When your crop needs harvesting, you must have a machine that will do your work quickly and efficiently without a hitch from start to finish. And that machine is the Frost and Wood Binder—it is built in one of the largest factories in Canada, where firm implements of the highest quality have kept on improving for the past 70 years—all that is latest and best has been put into this one successful Binder.

ROLLER BEARINGS of generous size fit snugly and smoothly in their boxes, and the liberal way in which we have equipped this machine with this class of bearings accounts for its remarkable light draft and also ensures very small cost for repairs.

AUTOMATIC FORCE FEED. Our Binder is capable of elevating whatever the machine cuts—from baldest to the heaviest grain. The upper canvas on the elevator is so arranged that it will grip the straw as it is delivered from the platform. Hard to extricate without an elevator, but our binder, "Binder Puller," gives all details. Can we send you this book?

THE ECCENTRIC SPROCKET WHEEL

NOTICE that three of the same of the Sprocket Wheel are shown than the other two, which accounts for greater power and smoother work.

When the grain is being compressed and fed, the roller arms require all the power they can get to make tight draws, and the rollers which drive the Eccentric Sprocket in this pulling over the legs arms of the wheel, are arranged in a steady, powerful draw. After the binder is equipped and set, the chain has reached the short end of the Eccentric Sprocket and must therefore inevitably, from the binder, are discharged quickly and everything is ready for another load to be compressed, fed and discharged. Actual experience in the field has proved the dependability of the action on our Binder.

A SURE KNOTTER. Before any of our binders leave the factory we try them out thoroughly in all kinds of grain. We make it a point to see that all shovels are tied securely and that there are no "misses" and no waste of time. The binding attachment can be regulated to tie any size chaf—we will guarantee the efficiency of this knotter in a very particular.

THE MAIN DRIVE WHEEL, that generates the power, cuts, elevates and ties the grain at a substantial price of machinery, can be put to it. It has a double row of spokes, arranged on the "straggled" principle, with the spokes securely held in the wheel hub casting and with ends firmly fastened through the rim—absolutely no chance of them working loose. The large main drive wheel has riveted to the outside of the rim prevent the wheel from skidding on soft ground or dry, slippery stubble—the wider, makes work easy under all conditions.

OTHER GOOD POINTS. You could not wish for a sturdier, simpler function than we put on our binder—in fact, the whole machine is built for hard wear and tear, and time and experience have demonstrated that the Frost and Wood Improved Binder is positively the strongest and most durable machine of its kind in Canada. They'll tell you one of our Agents dealers or write them direct for further particulars and booklets—we will have you both time and money.

Women Whom Jesus Loved

Text, "Lord, He Whom Thou
Lovest Is Sick."

reap what we sow. We must recognise the eternal destiny of this young man who had been striving so earnestly to gain eternal life and gain eternal life, and who turned from the path of life, and declined to take up the cross and follow his Master. Could we suppose that Divine Justice would inflict eternal torment upon these conditions? If there were such a penalty for rejecting the Gospel, how could God have allowed him to go without warring him strenuously, without giving him the Holy Spirit, without giving him the Word, without giving him the Church? He was asking the question: "What eternal torment?" Can we suppose our Master knew that all the people who were called to the Gospel failed to accept his message would be consequently consigned to eternal torment? No! He knew that all who accepted his Master would, though we

The dead are dead and not alive. However, in view of the resurrection of the dead "in due time" the reappearance of the dead "as extinct like the brute, but, like the brute, to be brought back to life" during for the morning – the glorious morning of Messiah's Kingdom, when "the Sun shall be changed into darkness, and the Moon shall be changed into blood, and the stars shall be shaken out of their beams," when Satan shall be bound for a thousand years, and the reign of Sin and Death shall be broken, and the reign of Righteousness and Life shall be established, and the words of the Scriptures answer the question: "For when the dead shall see, Many shall say, I have believed, but I have not seen" (Daniel xii, 2).

Jesus and his disciples turned their steps toward Jerusalem. Poor Martha was left behind. She was left behind

London's Languages.

Rendon contains more languages than Babel ever knew, but this diversity of speech instead of causing a dispersal of the nations according to the Biblical theory, rather tends to make them collect around the precincts of a police court. Take, for example the experience of a Worshipful Master of a lodge of Freemasons, a dozen different languages, not to speak of the various dialects, are used by him, and yet by the aid of interpreters, pigeon-Volapuk, Volapuk, signs and symbols, it may be averred that substantial justice was meted out to all. For example, a Hungarian was said to be laying a snare for advances to a Scandinavian lady, which she resented, and, as neither of them could speak each other's language or English, it was necessary to have relays of interpreters. One man acquainted with Scandinavian and English translated the evidence to another understanding Polish, who passed it on to a third, well up in Slav, and by this roundabout process the court got acquainted with the merits of a case which was not worth the trouble of understanding. In a dispute between master and man to test the veracity of witnesses had to be examined in "Yiddish" and their evidence interpreted; and in a charge of theft from a Jew, the chief witness was a young girl speaking only Dutch. An interpreter of Dutch, French, German, Polish, and a polygot of the languages affected by the accused, were called in to testify in Spitalfields had to be sworn in that instance. A Russian, who found that the English word "Bore" was his native kwass, got mixed up in a fight with a Turk, and for these a different class of witnesses had to

About Town

W. B. Jamieson was in the police court this morning charged with using grossly insulting language to Mary Hebert. The case was adjourned to July 11. Two drunks, one of a fighting nature, completed the docket, the first being assessed \$4 and \$1 cost or ten days, and the latter \$5 and \$1 cost or ten days.

There will be services at Westminster Presbyterian church at 11 a.m. and 7:30 p.m. tomorrow. At the evening service, the Orange Association of the Twin Cities will celebrate their anniversary. Special music will be provided by the choir and over two members of the association are expected to be present.

Four Germans, all related, and bearing the name of Rappe, started out last week to locate homesteads in the Prairie district, 20 miles west of Edmonton. That in itself is nothing unusual, but when the fact that they walked both ways, were unable to speak English, and scorned the services of a hand guide are realized, the fact begins to savor of the incredible.

VACATION TOURS

On the Canadian Northern Railway Company's Lines

The Canadian Northern Railway has just issued a very attractive little booklet entitled "Vacation Tours." The intent of this small publication is to give the public some idea of the many desirable summer trips that the Canadian Northern is offering for the season of 1910. The booklet is profusely illustrated with cuts of the many beautiful spots along their line between Rainy River and Port Arthur.

The cover design reflects great credit on the ability of the artist.

The inside cover shows a cut of the new Union Station at Winnipeg which it is expected will be completed this coming fall.

Next, a brief index is given of the contents, showing on what pages the different tours will be found; then follows a description of the different tours offered with illustrations characteristic of the country traversed, and, judging from them, we have some very beautiful holiday grounds, practically at our doors. Western Canadians are not yet alive to the splendid opportunities for recreation in the country adjacent to the Canadian Northern Railway between Rainy River and Port Arthur.

A full description is given of the fares offered for the trips to Eastern Canada and the States, which this year are somewhat lower than for some years past; also for a circular tour to Chicago going via Duluth and steamer through Lake Superior and Lake Michigan to Chicago, returning via all-rail through Duluth or St. Paul. This latter is a very attractive trip and should prove a very popular one, especially with those who have decided to enjoy the pleasure of single blessedness.

Other tours described which should attract those wanting to put in their vacation to the best possible advantage, are those to Duluth, Port Arthur and Kenora.

A copy of the booklet will be forwarded on request to the passenger department, Winnipeg, or to W. C. Dodge, City Passenger and Ticket Agent, C. N. Ry.

Jack! How is it that Mrs. Brown can get a quiet house and drive her kids friends and you can't get one safe for me. Well, my dear, Brown deals at **Home's Livery** and you phone 1234 and tell her. Oh, Jack, what a treat.

Personal

A Cranbrook correspondent has this to say regarding a gentleman well known in Alberta: "F. E. Simpson, late proprietor of the Cranbrook Herald, is this week leaving for Kamloops, where he will reside in future and engage in the wholesale and retail tobacco business. Kamloops is to be congratulated on such an acquisition to its business circle, as Mr. Simpson is a 'booster.' Cranbrook can vouch for that."

Mrs. S. T. Taylor has her parents, Mr. and Mrs. John Ross of Edmonton, and her sister, Mrs. Maclean of the same city, as her guests for a month. Mrs. Taylor and her visitors today to spend the rest of the week visiting Victoria, Seattle and Portland—Vancouver Province.

Mr. G. S. Kirkpatrick has received a wire from his wife announcing the death of her father, Lt. Col. White of St. Marys, Ont.

BAPTIST CHURCH ORGANIZED AMONG COLORED PEOPLE

As the result of about two months' arduous effort Rev. R. L. Knight (colored), recently from McMaster University of Toronto, who has been holding religious services each Sunday at 638 Clark street, accomplished his undertaking when on Thursday evening last a colored Baptist church was organized.

The meeting was well attended by the colored population in addition to several officials of the white denomination, among whom were Dr. McLaren, superintendent of Baptist Missions for the province; Rev. Sneyd of the Synagogue Baptist Church and Rev. Patterson of the First Baptist Church, all of whom made eloquent addresses in behalf of the effort and spoke very encouragingly as to the future of the church.

A few officers were appointed, namely: Deacons, Mr. Allen, Clark, Mr. Cobb, and treasurer, Mrs. G. J. Jones. Fourteen persons pledged themselves to become members of the newly organized church.

Services are held in the church at 638 Clark street, each Sunday at 11 a.m. and 7:15 p.m. Sunday school at 3 p.m. All are cordially invited to attend. Rev. R. L. Knight, pastor.

NOTICE

All law offices in the city of Edmonton will close at 5 p.m. during the months of July and August.

Saturdays at 1 p.m. always.
By unanimous consent of the Edmonton Bar Association.

Communications

To the Editor of the Capital:

Sir—In his letter of yesterday, Rev. Mr. J. W. Ducas, of the Erskine Presbyterian Church, denies that the account given in the Edmonton Capital was a just report of his address. The report published by the Edmonton Capital, June 2nd, should have been denied before yesterday, because it contained in a very conspicuous place, on the first page, the following: "Minister Attacks French-Canadians. Declares Quebec Aims at a Republic Independent of the Dominion."

"The Reverend gentleman ended his discourse with an attack upon the French-Canadians. The patriotic remarks were addressed to a large congregation of which about half were school children. Several maps were arranged within the reach of the pulpit and were used by Rev. Mr. Ducas in his address. The address dealt chiefly with the problem Canada has to face in assimilating the various races that are becoming her citizens, and it was in connection with this subject that Dr. Ducas directed his attack on the French-speaking citizens of this country."

"Dr. Ducas maintained that the French problem was the most serious with which the country had to deal. 'A dual language and the continuance of friendly relations, he said, was an impossibility, and was a menace to our national integrity. The French-Canadians, he charged, desired to secure the autonomy of the Province of Quebec, with the view of establishing a republic there. The assimilation of this heterogeneous mixture into a homogeneous whole can only be done by one language.'"

"Now in his letter of yesterday, he denies, having attacked the French-Canadians; in fact, says he, I esteem and love them. I had expected from the Editor of The Capital something more conciliatory than what he wrote under 'A Poor Text.'"

"With regards to my own letter, I may say that perhaps have not been very courteous, because I was so indignant to see a clergyman of French-Canadian origin attacking his fellow citizens as he was doing, but if I have not been very courteous, I will show the Reverend Doctor Ducas less unkindness, ignorance and weakness of argument than himself has shown."

First, let me say that, as above stated, it was the Capital reporter that wrote that the audience was composed of one half of school children. This report was not denied the next morning, as it should have been. Second, it does not make the slightest difference whether these children belonged to Erskine church or not; this does not refute my argument that it is a great fault to induce children in historical errors. The question now pending is to prove if this has been done. It will be an easy thing for me, because the gentleman who has the Capital reports it, and this report has not been denied either, that French-Canadians of Quebec desired to secure the autonomy of their province with the aim of establishing a republic there. This is supposing itself the French republic as a form of government is despised, profoundly despised in the whole province of Quebec. French-Canadians of the east would submit to the dictatorship of Castro, the Venezuelan, rather than have a French republic on the banks of the Saint Lawrence. Now, here is the dilemma which I am going to use with the Reverend gentleman: whether he said this with a view of creating enmity between French-Canadians and their good British friends, or whether he thus induced the school children in such a monstrous historical error by ignorance and lack of discretion. In the first place, I was justified to say he was searching to obtain cheap popularity by fomenting sectional troubles; in the second place, I am justified to say his judgment is very poor.

"Trying to assimilate heterogeneous mixture into a homogeneous whole" it seems to me these are very, very

long words for a man of short understanding. What does the public think of that?"

"There was nothing libellous in my letter because the very name of a clergyman uses his pulpit to meddle with politics, and more so to interfere with the natural destinies of citizens of the same origin as himself, he has to be treated as a mere politician, subject to be criticized the same way as any other, with arguments 'ad hominem,' provided nothing is said against his honor or moral character."

Now, I maintain all that I have said unless Doctor Ducas denies the entire statement published in the Capital of the 27th ult., and even then I would not have any excuses to offer, but the reporter of The Edmonton Capital would have to be blamed for having inserted a vision and a dream in the columns of his paper."

With regards to the Presbyterian Church, I may say that I have the greatest respect for this Church, as well as for any church of Protestant denominations, but her case has to be separated from the case of Doctor

Ducas, since the Reverend gentleman has become a politician.

I will end this letter in stating that there is no such thing as a dual language question in this country. I ours According to statutes, officially, legally, the existence of the French language spoken by nearly three millions of the inhabitants of Canada, will be eternal in British North America. It is for them the voice of nature itself, and you will have to exterminate them all, the most faithful supporters of British institutions, before abolishing the dual language."

Yours truly,

J. A. GALIBOIS.

VALUES THAT ARE HONEST

FOR RHEUMATISM

MAGI Water, being a uric-acid solvent, brings remarkable relief to rheumatic users. For gout, gravel and other troubles arising from disordered kidneys, it possesses very decided therapeutic value. Nor does it in any way derange the normal functions of the organs.

Yet, the use of MAGI is not confined to invalids; a glass of MAGI before breakfast will keep the most robust in the full glow of perfect health—tones one up for the day's work.

For the table, the crystal purity and wonderfully "fresh" taste of MAGI make it unexcelled. There is no mistaking about MAGI—it is not a "dead" water in any sense of the term—just the simplest and most delicious beverage you could imagine.

Bottled only at the Spring, MAGI Water, either plain or carbonated, may be bought from coast to coast. It is sold in spits, pints, quarts and half-gallons at cafes, hotels, bars, drugstores, on railroad-dining and elsewhere, or by your grocer by the bottle or the case.
